GivingTuesday 2021

NewGround Opportunities Sheet

After Black Friday & Cyber Monday, join the movement dedicated to giving back! Giving Tuesday has become a global initiative to encourage individuals and groups to be generous and give back! Every small thing we do makes our world a better place.

“Do small things with great love.” ~ Mother Teresa

This year, Diaconal Ministries Canada wants to encourage all of our friends to support our NewGround Program and/or one of our amazing Community Ministry Partners.

2. Help Us Help our Partners

- ***A NewGround partnership is so much more than just grant money...***

NewGround offers real time support and coaching to help churches and ministries flourish for years to come. Our staff also walk alongside partners to assist in coaching and networking. Some of this past year's Coaching Conversations have included troubleshooting Covid restrictions, strategic planning, help with Board recruitment and diversity as well as providing tips and resources about marketing/promotions and fundraising. THIS is what makes NewGround so unique and so necessary for the churches in Canada. This coaching takes a significant amount of staff time but it's time well spent!
