

DIACONAL MINISTRIES CANADA

Core Values

PRAYER

We believe in prayer as our overarching value. It's as important as the air we breathe. It's how Jesus provides direction for our ministries and the vehicle which the Spirit of God uses to guide and empower us. Therefore, we bathe everything we do in prayer.

ASSET-BASED

We believe that everyone has something to offer others. Therefore, focusing on strengths, gifts, diversity, and collaboration rather than needs, weaknesses, uniformity, and individualism is essential to everything we do.

CELEBRATION

We believe that joyful celebrations give expression to what God has, is, and will be doing through His creation and our work. Therefore, sharing and reveling in growth stories is an essential part of our organization.

JUSTICE

We believe that every human being has been created in God's image and that God cares deeply about everything He created. Therefore, everyone merits equal treatment and we strive to be wise stewards of all that He has gifted us with.

HOPE

We believe that God is a God of abundance and love and that every person and situation contains glimmers of who He is and the Hope He provides. Therefore, we approach every person and situation with a hope-filled attitude.
